## ~ COUNCIL'S VISION ~

---

Our Vision is for Cobar Shire to be an attractive, healthy and caring environment in which to live, work and play, achieved in partnership with the community through initiative, foresight and leadership.

---

## ~ COUNCIL'S MISSION ~

---

Our Mission is to provide sound and sensible government and ensure that works and services are delivered effectively and equitably to the community of Cobar Shire.

Council will also develop and constantly review its policy on the maintenance of its road network with current priorities to include the sealing of the following strategic roads within the Shire;

- Ivanhoe Road
  - Louth Road
  - Tilpa Road
- 

## ~ COUNCIL'S VALUES ~

---

Council has adopted the following Values that should be reflected in how the whole organisation operates and interacts with others:

- Continually strive for improvement in every aspect of Council's activities and recognise initiative.
- All activities are to be customer focused and provide equity for all.
- Involve the community in decision making through open government and consultative processes.
- Foster and promote sustainable ecological and economic development, rural pursuits and industries that contribute to the wealth of the region and in keeping with the environment and residents lifestyle.
- Conserve and protect the natural beauty of the area.
- Promote a spirit of regional cooperation particularly in regard to planning, infrastructure, economic development, tourism and employment.

---

## ~ COUNCIL'S CHARTER ~

---

A Council has the following charter (Section 8, *Local Government Act 1993*):

- To provide directly or on behalf of other levels of government, after due consultation, adequate, equitable and appropriate services and facilities for the community and to ensure that those services and facilities are managed efficiently and effectively.
- To exercise community leadership.
- To exercise its functions in a manner that is consistent with and actively promotes the principles of cultural diversity.
- To promote and to provide and plan for the needs of children.
- To properly manage, develop, protect, restore, enhance and conserve the environment of the area for which it is responsible, in a manner that is consistent with and promotes the principles of ecologically sustainable development.
- To have regard to the long term and cumulative effects of its decisions.
- To bear in mind that it is the custodian and trustee of public assets and to effectively account for and manage the assets for which it is responsible.
- To facilitate the involvement of Councillor's, members of the public, users of facilities and services and council staff in the development, improvement and coordination of local government.
- To raise funds for local purposes by the fair imposition of rates, charges and fees, by income earned from investments and, when appropriate, by borrowings and grants.
- To keep the local community and the State government (and through it, the wider community) informed about its activities.
- To ensure that, in the exercise of its regulatory functions, it acts consistently and without bias, particularly where an activity of the council is affected.
- To be a responsible employer.

**NOTICE OF MOTION – DONATION OF A LARGE INDUSTRIAL BIN TO THE EMPIRE HOTEL**

**FILE: P5-48, W1-6, C12-1 AOP REFERENCE: 5.1.2 ATTACHMENT: NO**

**AUTHOR: *Councillor, Greg Martin***

**RECOMMENDATION**

**That Council consider as part of the Donation Policy the supply of a trade waste bin to be collected once a month to the Empire Hotel to be utilised as part of their container deposit scheme.**

**Background**

The Empire Hotel at Cobar is currently operating as the agent for the container deposit scheme for Cobar. To date three 20 foot shipping containers full of bottles and cans have been collected. It appears that this recycling project is being very well supported by the Cobar community. As it progresses the number of containers being delivered to the Cobar rubbish tip will decrease. To date as it stands the volume of 3 shipping containers have been diverted from the rubbish tip. With people delivering the containers to the collecting site there is now an increase in boxes and plastic bags needing to be disposed of. I see this partnership with the Empire Hotel as a contribution by Council to help keep this program working.

**General Managers Comment:**

The one service per month will cost \$1,084/ per annum which is made up of \$10 per week bin hire and \$47 per collection based on the 2017/2018 Fees and Charges.

**NOTICE OF MOTION – INVESTIGATIONS INTO WATER COST REDUCTION OPTIONS**

**FILE: W2-1, C12-1 AOP REFERENCE: 4.1.2**

**ATTACHMENT: NO**

**AUTHOR: *Councillor, Peter Yench***

**RECOMMENDATION**

- 1. That Council investigate options and ways of reducing the cost of water to the households and to include such things as:
  - **Desalination of water;**
  - **Additional bore water;**
  - **Reduce the number of parks, gardens and ovals;**
  - **Increase water storages.****
  
- 2. That Council engage a consultation to undertake the investigation.**

**Background**

Currently the cost of water for households ranges from \$400 - \$1,000 and will continue to increase unless Council does a review of the cost of water and to identify options are available.

We also need to take into consideration our declining population and to consider ways to make Cobarr more attractive to live in; we are desperately in need “of that patch of green”, by bringing the price of water down we may be able to achieve this.

**NOTICE OF MOTION – POLICY DEVELOPMENT FOR DEVELOPMENT APPLICATIONS FOR MINING OPERATIONS**

**FILE: M4-1, C12-1      AOP REFERENCE: 5.3.1      ATTACHMENT: NO**

**AUTHOR: *Councillor, Peter Yench***

**RECOMMENDATION**

**That Council develops a Policy to assist in the determination of Development Approvals (DA's) for Mining Operations in order to reduce the impact of Fly-in, Fly-out (FIFO) and Drive-in, Drive-out (DIDO) on our community.**

---

**NOTICE OF MOTION – PURCHASE OF CROWN LAND**

**FILE: A9-17, C12-1 AOP REFERENCE: 2.1 & 5.2.3 ATTACHMENT: NO**

**AUTHOR: *Councillor, Peter Yench***

**RECOMMENDATION**

**That Council applies to purchase the Crown Land between the Gun Club and the Auto Club for the purpose of the potential Industrial land and the future by-pass connection between the Nyngan Road, Bourke Road and Wilcannia Road by connecting with the Pipeline Road.**

---

**CLAUSE 1A – MAYORAL REPORT**

**FILE: C13-1-5**

**AOP REFERENCE: 3.1**

**ATTACHMENT: NO**

**AUTHOR: *Mayor, Councillor Lilliane Brady OAM***

Report to be tabled.

**RECOMMENDATION**

**That Council accepts the information contained in the Mayoral Report for the month of April 2018.**

---

**CLAUSE 2A – COUNCIL’S ANNUAL OPERATIONAL PLAN, FEES AND CHARGES AND REVENUE POLICY**

**FILE: L5-22**

**AOP REFERENCE: 3.3**

**ATTACHMENT: YES  
(UNDER SEPARATE COVER)**

**AUTHOR: *Director Finance and Community Services, Kym Miller and  
Senior Projects Officer, Angela Shepherd***

**Purpose**

For Council to place the draft 2017/2018 Annual Operational Plan, (including the Budget, Fees and Charges and Revenue Policy) on public exhibition for at least 28 days to gain feedback from the community so that appropriate comments can be considered prior to adoption.

**Background**

Under the Integrated Planning and Reporting framework, Council is required to adopt the Annual Operational Plan (including Revenue Policy, Fees and Charges, Budget and Ten Year Financial Plan) by 30 June each year to allow the sending of rates notices within the required time. Prior to adoption, Council must exhibit the draft documents for a minimum of 28 days to seek community input and consider any submissions prior to adoption.

The draft documents will be placed in the Shire Libraries, the Administration Building and on Council’s Website. The community will be alerted to the release of the draft documents through the media and Council’s Website.

Council will hold a Public Meeting on Thursday, 17 May 2018 at 6:00pm in the Council Chambers to explain the documents to those interested and to receive feedback from the community. This meeting will also be used as an opportunity to gain ideas from the community for future projects to be included in the LTFP and Community Enhancement Program.

The big jump in deficit in 20/21 is due to increased depreciation arising from revaluation of roads

### Executive Summary – Operations

The budget assumptions are shown in the attachment. The budget and ten year financial plan presented for consideration is that which Council believes will provide a balanced road map for staff to manage. No services when compared to those currently made available have been reduced or eliminated.

Best practice in the presentation of Local Government budgets require that an optimistic scenario and pessimistic scenario also be presented. These will be included in the version presented to Council for adoption in June. The pessimistic scenario will be based on the Roads to Recovery program not being ongoing. The optimistic scenario will incorporate a diversion of Financial Assistance Grants being from city councils to regional and country councils.

- The forecast for the 2018/2019 year is a deficit of \$371k. This is much improved on the 2018/2019 forecast of a deficit of \$1.2m contained in the ten year plan adopted in June 2017. A condition assessment which is required in the Sewer Fund will be funded out of reserves (\$80k) which reduces the deficit requiring funding in 2018/2019 to \$291k.
- Whilst there is a marked improvement in outlook which has been confirmed by T Corp's analysts, officers will continue to seek a long term surplus budget. The next step in this process is to consider the independently conducted service review.
- Rates have been increased to the level permitted by the NSW Government (2.3%). The burden has been shared evenly across categories. It is to be noted that costs are increasing at a rate greater than this.

It is assumed that Financial Assistance Grants will increase by 2.0%. The Federal Government has recommenced indexation of this grant. However, the exact amount Council will receive is not currently known. If the amount is clarified and is significantly different during the exhibition period an adjustment will be made to the final version presented for adoption in June.

- Water usage costs have been increased by the equivalent of the rate capping amount for 2018/2019. However the ten year plan shows increases above this benchmark in 2019/2020 of 5% to accommodate the increased depreciation for the new water treatment plant, 3% in 2021/2022 and 2.5% in anticipation of increased cost of water from the Cobar Water Board in 2022/2023 as it puts a full recovery model in place as required by the government. These charges are not yet confirmed and are our best estimates at this point. The difficulty in forecasting for the water fund is in selecting the volume of water sold which is dependent on seasonal conditions. A prudent approach is to budget cautiously.
- It is to be noted that Council are having a workshop on water pricing prior to this Council Meeting.
- The Sewer fund has traded at a marginal deficit for a number of years. This has not caused alarm as the Fund has had significant cash reserves. However, to be compliant with the best practice performance required in this sector it is recommended in the fees and charges to make up the shortfall over three years. This equates to the equivalent of an extra \$20.00 per household (over capping percentage).
- The Lilliane Brady Village has been retained in the model for the entire period in light of our failure to attract an independent provider. A very conservative

---

approach has been taken in occupying the additional ten beds being provided in the development of the Multi-Purpose (Health) Service. This will be modified when the consultants input is received.

- A revised funding model for Children's Services introduced by Federal legislation has put some revenue at risk. Council will put in place a varied charging scheme to offset this, but has concerns as to whether some of the sector funding may be diverted to another government administration. A break even budget for this cost centre has been incorporated in the 2018/2019 budget with the only concession being to drop the internal administration and rent charge. Council officers will monitor the cost centre closely and if there is a slippage in revenue will report to Council appropriately.

The Ten Year Plan shows:

- The write off the remaining book value of the existing Water Treatment Plant when the (planned) new plant commences operation.
- The write off of the existing reticulation system on the basis that the replacement program is completed.

#### **Executive Summary – Cash Movement**

Cash balances have been exceeding the forecast in 2017/2018. Whilst there are a number of reasons for this the two main contributors are the early payment of 'FAGS' and unspent capital expenditure. For this reason the cash forecast shows a new line for this. Balances should return to a more realistic level of \$11 -\$15m in the first four years of the forecast. The higher balances beyond that will reduce when the capital forecast is revised.

#### **Executive Summary – Capital Expenditure**

The capital budget has largely followed the groundwork laid in the workshops held last year and incorporated the projects most likely to be grant funded. The items bolded will only be able to be acquired if such funding is achieved. (The offsetting revenue is shown in the budget as capital grants and contributions and does not impact the day to day operating surplus/ deficit).

The continued construction of the water treatment plant and replacement of the reticulation system will consume large levels of resources.

It is anticipated that there will be \$3m to \$5m of 2017/2018 capital expenditure required to be carried forward.

In anticipation of there being continued high level of grant activity in the next two years \$200,000 per year has been budgeted for grant top ups.

The amount to be spent on plant changeover has been capped at \$1.2 m per annum and Manex will be conducting a monthly review of utilisation and running costs to ensure that plant is maintained at an optimum level. No unused funds from prior years other than 2017/2018 will be made available.

It is acknowledged that the capital expenditure pattern for the later years in this forecast are less than will be required but planning for that far out is difficult and we have elected not to put in items that do not have a reasonable degree of certainty about their need.

---

A partial restocking of the caravan fleet is included in the ten year plan with hire purchase financing being used to acquire them.

This budget is prepared in the spirit of the budget and ten year plan prepared last year when it was workshopped extensively and adjusted for grant activity and efficiency gains developed through 2017/2018. Council may resolve to put the documents on exhibition this evening or if they feel that they would like to further consider it in a formal mode may do so at a special meeting which could be held following the Councillor workshop scheduled for 10 May 2018.

### **RECOMMENDATION**

- 1. That Council places the draft 2018-2019 Annual Operational Plan, including the Fees and Charges, Revenue Policy and Ten Year Financial Plan on public exhibition for a minimum of 28 days.**
- 2. That Council hold a public meeting in May to present the documents and seek community input into them and to identify possible future projects.**

**CLAUSE 3A – ACCOMMODATION BOND/LIQUIDITY STRATEGY FOR LILLIANE BRADY VILLAGE**

**FILE: C8-4-5                      AOP REFERENCE: 1.5.4                      ATTACHMENT: NO**

**AUTHOR: *Director of Finance and Community Services, Kym Miller***

**Purpose**

To report to Council that the liquidity position for the Lilliane Brady Village is compliant with statutory requirements.

**Background**

Aged care facilities are required to maintain a liquidity position as one of their statutory requirements. The liquidity position is reviewed annually and included in a prudential return to the Minister. This document is audited.

Compliant liquidity management ensures that residents receive repayment of bond balance entitlements on a timely basis.

The annual prudential return requires a declaration of any repayments which were not made. Lilliane Brady Village was compliant for the year ending 30 June 2017.

To maximise investment returns for the Lilliane Brady Village Council is able to “advance” monies for repayments if required which are then paid back at investment maturity.

**Forms of Liquidity**

The liquid funds required will be held in an “At Call” bank account with an Approved Deposit Taking Institution. This is currently the National Australia Bank.

**Factors Considered in Liquidity Calculations**

- a) The total value of Accommodation Bonds/RAD/EC held at financial year end 2017 was \$1,400,976;
- b) The total number of accommodation Bonds/RAD/EC held was eleven (11);
- c) There were no refunds;
- d) The amount of liquid deposits held represents 18% of the total value of accommodation Bonds/RAD/EC held – however should funds in excess of this be required Council will advance the amount;
- e) Currently the largest Accommodation Bond/RAD/EC held is \$197,991;
- f) Currently the average Accommodation Bonds/RAD/EC held is \$127,361;
- g) The facility maintains a waiting list which averages 0 (nil);
- h) The facilities occupancy rate is also considered. The occupancy for financial year ended 30 June 2017 was nursing home 96%. This is much improved on prior years.

Council will need to examine its bond / deposit strategy when the seeking of an alternative provider is no longer on the agenda if one is not found.

---

**RECOMMENDATION**

**That Council receives and notes the Accommodation Bond/Liquidity Strategy for Lilliane Brady Village Report and approves the strategy.**

**CLAUSE 4A – REPORT ON PROMOTIONAL PACKAGES DURING  
SUMMER 2017/2018 AT THE COBAR MEMORIAL SWIMMING POOL  
AND COBAR YOUTH AND FITNESS CENTRE**

**FILE: S9-2, A10-22, D3-1 & L5-22**

**AOP REFERENCE: 3.1**

**ATTACHMENT: NO**

**AUTHOR: *Director of Finance and Community Services, Kym Miller***

**Purpose**

To advise Council of the use and impact of promotional pricing packages used at the Cobar Memorial Swimming Pool and the Cobar Youth and Fitness Centre (Youthie) in the summer season 2017/2018.

**Background**

Resolution 244.9.2017 actioned the Director of Finance and Community Services to introduce promotional packages (discounts) to enhance usage of the swimming pool and the Youthie over summer.

The following promotions were conducted:

1. A free afternoon entry at the swimming pool to encourage good attendance for the filming of the Cobar Promotional Video.
2. One week of free spin classes at the Youthie. This was successful and these classes are now taking very robust bookings.
3. Half price Tuesdays at the swimming pool. Which anecdotally the attendance was higher on these days. In post it would have contributed to the record season.
4. Free entry to the pool on the last weekend of the season. This was as a goodwill gesture to offset the criticism that the season closed too early.

The benefits of the above packages are difficult to measure but the offers seem to have generated extra uptake of the facilities.

The cost is minimal, particularly with the pool as many Cobar residents hold season passes.

**RECOMMENDATION**

1. **That the report on promotional packages during the summer season 2017/2018 be received and noted.**
2. **That the Director of Finance and Community Services be authorised to conduct similar packaging on an ongoing basis with a report presented to Council on the impact in April of each year.**

**CLAUSE 5A – REPORT ON THE FINDINGS BY THE INDEPENDENT REVIEWER OF THE CODE OF CONDUCT COMPLAINT BY CR L BRADY OAM AGAINST CR P YENCH**

**FILE: C12-5 AOP REFERENCE: 3.1.5 ATTACHMENT: YES (PAGE 70-72)**

**AUTHOR: *Director of Finance and Community Services, (Code of Conduct Complaints Coordinator), Kym Miller***

**Purpose**

To report to Council on the investigation by the independent reviewer, *Crennan Legal* on the Code of Conduct complaint by Cr Lilliane Brady OAM against Cr Peter Yench.

**Background**

Council has an adopted Code of Conduct Policy and has also adopted the Model Procedures for Code of Conduct matters which have been put in place by the Office of Local Government.

Attached to this report are the relevant sections of the Model Procedures for Code of Conduct document on how the Council must consider the matter.

The *Crennan Legal* report is self-explanatory and contains the facts of the matter. No request was received from the complainant to not disclose her identity.

This report is prepared in accordance with clause 8.43 of the procedures. Both parties have received formal communication from *Crennan Legal* and the report has been passed to the General Manager.

Council now must undertake its task as per clause 8.44 – The role of the Council in relation to a final investigation report is to impose a sanction where an investigator determines that there has been a breach of the code of conduct and makes a recommendation in their final report under clause 8.35, paragraphs (d) and (h).

**Financial Implications**

The matter has cost \$8,794.50 (inc GST) for both the preliminary investigation and the final investigation.

**Legal Situation**

Section 10A (2) (d) (i) (g) of the *Local Government Act 1993* specifically deems that this matter be considered in Committee of the Whole Closed Council.

---

## **RECOMMENDATION**

**That the matter of the report on the findings by the independent reviewer of the Code of Conduct complaint by Cr L Brady OAM against Cr P Yench be considered in Committee of the Whole Closed Council with the press and public excluded for the reason as stated in Section 10A (2)(d)(i)(g) of the *Local Government Act 1993*, as discussions of this matter in open Council contains commercial information of a confidential nature that would, if disclosed prejudice the commercial position of the person who supplied it and contains advice concerning litigation, or advice that would otherwise be privileged from production in legal proceedings on the ground of legal professional privilege.**

**CLAUSE 6A – RESULTS OF REQUEST FOR TENDER FOR A PROVIDER FOR THE DESIGN AND SUPPLY OF EQUIPMENT FOR DRUMMOND PARK PLAYGROUND UPGRADE**

**FILE: T3-18-2      AOP REFERENCE: 1.5.2.3      ATTACHMENT: NO**  
**AUTHOR: *Senior Projects Officer, Angela Shepherd***

**Purpose**

The purpose of this report is for Council to consider awarding the Tender for the Upgrade of Drummond Park Playground – Stage 2 for the design and supply of equipment.

**Background**

Council have been successful in obtaining Grant funding of \$345,000 under the Stronger Country Communities Fund – NSW Government – Round 1 for the second stage of the Drummond Park Playground upgrade.

Tenders were called on Thursday, 29 March 2018 through advertising in the Sydney Morning Herald, local paper and through Tenderlink.

The deadline for the lodgment of tenders was 10.00am on Wednesday, 18 April 2018.

Eight companies submitted tenders and are listed below:

- Adventure Playgrounds Pty Ltd;
- Austek Constructions Pty Ltd;
- Kompan Playscapes Pty Ltd;
- Moduplay Group Pty Ltd;
- Parkequip Pty Ltd;
- PlayRope;
- Proludic Pty Ltd;
- Spizvac Marketing.

Given the sensitive nature of the information to be provided by the tenderers it is recommended that Council considers a further report in Committee of the Whole Closed Council with the press and public excluded.

**RECOMMENDATION**

**That the tenders received for the Drummond Park Playground Upgrade be considered in Committee of the Whole Closed Council with the press and public excluded for the reason as stated in Section 10A (2)(d)(i) of the *Local Government Act 1993*, as discussions of this matter in open Council would prejudice the commercial position of the person who supplied it.**

## **CLAUSE 7A – DISABILITY INCLUSION ACTION PLAN 2018**

**FILE: L5-22-1 AOP REFERENCE: 3.3 ATTACHMENT: YES (PAGE 73-89)**

**AUTHOR: *Senior Projects Officer, Angela Shepherd***

### **Purpose**

This report recommends that the Council put out the draft Disability Inclusion Action Plan (DIAP) 2018 for public comment.

### **Background**

The draft Disability Inclusion Action Plan 2018 has been prepared following community input during March and April. A workshop was held and whilst attendance was poor, some good suggestions were made and these actions were further investigated following the meeting. In addition, a number of comments were provided via email. Under the *Disability Inclusion Act 2014*, Councils must prepare a DIAP and have it adopted.

The DIAP must address four key areas:

- Attitudes and behaviours – often thought of as the biggest barrier to full participation and inclusion;
- Employment – contributes to independence and greater opportunities;
- Liveable Communities – achieved by applying principles of universal design;
- Processes and Systems – ensuring the community can access information and Council services.

### **Issues**

Council will continue to work with stakeholders and will review this plan at least annually. Service providers, those with disability and their families and carers and the community are encouraged to provide further comments on this draft during the exhibition of the plan. All comments will be considered in the finalisation of the plan that will be presented to Council for adoption in June.

Council will advertise the draft Disability Inclusion Action Plan on Council's Facebook and web pages and in the Cobar Weekly, seeking feedback. In addition, service providers will be emailed a draft and asked to comment.

### **Financial Implications**

There are no financial implications from adopting this plan. Any actions that are progressed will be funded through normal budgetary processes for Council approval.

## **RECOMMENDATION**

**That Council places the draft Disability Inclusion Action Plan 2018 on public exhibition seeking input from the community for a period of 28 days.**

**CLAUSE 8A – THIRD QUARTERLY REVIEW OF THE ANNUAL OPERATIONAL PLAN 2017/2018**

**FILE: L5-22**

**AOP REFERENCE: 3.1**

**ATTACHMENT: YES**

**(UNDER SEPARATE COVER)**

**AUTHOR: *Senior Projects Officer, Angela Shepherd***

**Purpose**

To provide Council with a detailed review of all actions outlined in the Annual Operational Plan 2017/2018 for the third quarter (ie January to March 2018).

**Background**

At the June 2017 Ordinary Council Meeting, Council adopted the 2017/2018 Annual Operational Plan (AOP) and Budget. Council is obligated to review the AOP and Budget each quarter, under the NSW Integrated Planning and Reporting legislation and guidelines. It should be remembered that this review is only for the period January to March 2018 and does not cover actions or activities that have occurred since then. However, this paper aims to highlight major issues that may arise in Q4 of 2017/2018.

**Issues**

Each responsible officer has provided the attached review of their operations. All actions outlined in the AOP have been addressed and statistics are provided where appropriate.

A summary of the major projects undertaken in Q3 in 2017/2018 and the emerging concerns for Q4 in 2017/2018 are as follows:

**Governance and Economic Development**

- With the cessation of air services to Cobar, Council has contacted a number of service providers seeking expressions of interest (EOI's) to operate the air services out of Cobar. EOIS are due in early Q4.
- Work continues on the review of services that Council provides. Reviews have been undertaken by the consultant on parks and gardens, the Youthie and the Museum. Staff are now addressing the issues identified in these reviews. Under the framework staff are aiming to undertake reviews of three services a quarter. This quarter the focus is on Records, with staff resources not allowing the Workshop and Airport reviews to be completed.
- A consultant has been engaged to develop a risk management register and a Disaster Recovery Plan. These jobs have not been resourced for a number of years, however Council is now under pressure from the Audit Office and our insurer to complete them. We are aiming to have both finished by 30 June.
- A focus has been on preparing an emergency evacuation plan and a mock evacuation will be planned for Q4 – another area that has not been resourced for many years and as such we were not compliant.
- Staff have been kept busy developing projects and submitting grant applications. Many of the NSW Government grants are due by May in order for announcements to be made this year. Council is currently preparing grants

---

under for the \$1.82m allocation under Stronger Country Communities Fund, a \$3.9m grant under Growing Local Economies, a \$1m application under the Federal Government's Heavy Vehicle Safety Improvement fund for the Grain Road, \$100,000 application for disability access works at the Great Cobar Heritage Centre.

- Projects already funded including the playgrounds at Apex Park, Dalton Park and Drummond Park are all in the procurement phase, as is the pool grounds project.
- The 2020 Working Group had its first meeting with draft Terms of Reference adopted and initial project ideas discussed. An application has been made for the proposed Grey Mardi Gras and staff are working with the organisers of the Running On Empty Festival to make this year's Festival of the Miners Ghost the biggest yet. Grant opportunities are being explored as a reasonable injection of funds is required.
- Seniors Week and Youth Week activities have been held with good participation rates at both.
- Draft IP&R documents have been prepared for public exhibition. Work will continue to refine some details in these during the consultation period. A public meeting will be held on Thursday, 17 May with the public encouraged to find out more about the projects we are undertaking, what works will be funded in the coming year and to put forward project ideas to be scoped and investigated to be included in the 10 Year Long Term Financial Plan and Community Enhancement Program.
- There are concerns being raised regarding the impact of mining rosters on the social fabric of the community and these will be more fully explored during Q4 – with the whole community needing to work together to identify ways to encourage a residential workforce and improve the positivity around Cobar.
- Materials (videos, TV advert and brochures) promoting the great lifestyle offered in Cobar will be launched on 1 May.
- Council continued to work with the NSW Government and their consultants on the development of the Regional Economic Development Strategy with Council hosting a series of workshops. The draft plan is expected at the end of April.

### Community Services

- The swimming pool has had high utilisation numbers. The community are currently being encouraged to provide feedback on the season and ideas for the management of the pool and these will be considered in the finalisation of the new tender documents. The tender will be advertised in Q4 and will be for a three year period.
- There has also been record numbers at the Cobar Youth and Fitness Centre with good support of organised sport and activities and as a drop in facility.
- Council has approved the joint hotel services (kitchen) at the LBV and proposed MPS. The DA for the MPS will be sent to the Joint Regional Planning Panel shortly for consideration.
- Children's services: The Federal Government is introducing its new 'Jobs for Families' package from 2 July 2018. This includes many changes to all children's services, the main ones affecting Council being, CCB & CCR (subsidises for child care) become one payment under the CCS and the removal of all operational funding. These changes are aimed at forcing all forms of child care to a user pays system. The impacts of these changes are

---

not known until the roll out. Staff have undertaken scenario planning and will work together on implementation. Much of Q3 was spent lobbying and educating politicians on the impacts of the proposed changes on remote Australia – where it was clear that these were not well considered.

- The two new spaces at the Library – the craft room and the meeting room – have been well utilised by the community since opening, with 31 uses for the quarter. Promotion of their availability to the community continues. The Library is also supporting the arts community by hosting small exhibitions.
- Draft report regarding the Airport Masterplan has been finalised for comment. The Airport received a good review by CASA with only minor non urgent adjustments required.
- Council has become the lead agency for the 2018 Science and Engineering Challenge with preparations well underway for the event that takes place in Q4.
- Cash balances remain robust. The Audit Office of NSW made a visit to Cobar and presented to the Internal Audit Committee and Council with good relationships built.

### **Engineering**

- A lack of water has greatly restricted the amount of road works undertaken – both capital and maintenance with only one maintenance crew in operation, plus some works in the Euabalong area. Crews have been redeployed to the Narri Project. The 52 Mile Road and Curranyalpa Road will have works undertaken in Q4 as water becomes available in the Darling River. Work will also be undertaken on Mulya Road in time for the Louth Races, however at this stage long distance water carting will be required.
- Resealing works have been undertaken on Whitbarrow Way, Mulya Road, Kaicaroo Road, Burthong Road. 52 Mile Road will be undertaken this quarter and the 5km seal extension on the Mulya Road currently underway.
- Narri Project (Nymagee Part C, Stage 2) is currently being undertaken – \$1.7m to widen 7.8km – with works to be completed by the end of May. Crews will then start work on the Musheroo Project (Barrier Highway) with costing about to commence on the 11km of overlay required.
- Significant carryovers in the roads capital budget are expected with works not able to be completed.
- Work on the construction of the new Water Treatment Plant (WTP) is on track. Laurie Curren Water have constructed the PAC contact tank/Clearwater tank and are currently working on the clarifier and filter tank (80% complete). Work has commenced on the laying of pipework to connect the new WTP to Fort Bourke reservoirs.
- Pipes in the water reticulation system were air scoured during the quarter with an improvement in water quality resulting. A system of regular scouring has been included in the Long Term Financial Plan.
- Playground equipment has been ordered for Apex Park and Dalton Park playgrounds with a tender closing in April for the Drummond Park Playground. 170m of concrete footpaths have been replaced for the quarter and new pram ramps installed in Harcourt/Linsley Streets, adjacent to the CWA Hall and Margaret Street/ Woodiwiss Avenue.

---

### **Planning and Environmental Services**

- Construction on the extensions to the Cobar Primary Health Care Centre are on track to be completed by the May funding agreement deadline. This is a Council, Outback Division of General Practice (ODGP) and grant funded project, undertaken in partnership with the ODGP.
- With the changes in a raft of legislation, staff have been undertaking training in the areas of biosecurity, biodiversity and native title. The changes in the Acts are likely to increase the responsibilities and workload of Councils and the implications of the changes are being determined. It is also unknown what the financial implications are for development projects etc for compensation and offset programs. Staff will continue to investigate during Q4.
- Work is underway on the Plan of Management for the Newey with the consultants visiting the site. A community engagement strategy is currently being developed.
- An unusually high number of abandoned motor vehicles have been seized during the quarter and are currently being sold. There are other burnt out vehicles still to be collected when staff resources are available.

### **Legal Situation**

Council must review the AOP six monthly and the budget quarterly as per the NSW Integrated Planning and Reporting guidelines. Council chooses to review the AOP in line with the budget.

### **Policy Implications**

The report outlines what has been achieved to date, what has not been achieved and why, and highlights any concerns regarding the actions in the AOP. Councillors are encouraged to read through the report to get an understanding of where each of the actions has progressed to and to understand any possible issues that may need addressing in future quarters.

### **Financial Implications**

Any financial implications are outlined in the budget review.

### **Risk Implication**

Any risks to achieving outcomes are listed in the report.

## **RECOMMENDATION**

**That Council receives and endorses the third quarterly review of the 2017/2018 Annual Operational Plan, covering the period January to March 2018.**

## **CLAUSE 9A – ACRES BILLABONG CULVERT REPLACEMENT**

**FILE: T3-18-1, G4-30, MR1-9 AOP REFERENCE: 4.3.1.1 ATTACHMENT: NO  
AUTHOR: *Director of Engineering Services, Stephen Taylor***

### **Purpose**

The purpose of this report is to consider tenders for the replacement of existing culverts at Acres Billabong, Fifty Two Mile Road, Tilpa with a three cell box culvert and link slab structure with abutment protection.

### **Background**

Tenders were called on Thursday, 22 February 2018 through advertising in the Sydney Morning Herald, local paper and through Tenderlink.

The deadline for the lodgment of tenders was 10.00am on Thursday, 15 March 2018.

Two companies submitted tenders and are listed below:

- Civil Engineered Construction;
- Killeen Plant Hire Pty Ltd.

Given the sensitive nature of the information to be provided by the tenderers it is recommended that Council considers a further report in Committee of the Whole Closed Council with the press and public excluded.

### **Legal Situation**

Council has complied with the requirements of the Local Government Act 1993, Section 55 of the Local Government (General) Regulation 2005 Part 7.

## **RECOMMENDATION**

**That the tenders received for the Acres Billabong culvert replacement be considered in Committee of a Whole Closed Council with the press and public excluded for the reason as stated in Section 10A (2)(d)(i) of the *Local Government Act 1993*, as discussions of this matter in open Council would prejudice the commercial position of the person who supplied it.**

**CLAUSE 10A – MEMORIAL GATE – NYMAGEE PARK**

**FILE: P1-1    AOP REFERENCE: 4.4.5.1    ATTACHMENT: YES (PAGE 90)**

**AUTHOR: *Director of Engineering Services, Stephen Taylor***

**Purpose**

To consider an application for the installation of a memorial gate at Nymagee Park.

**Background**

An application has been received from Nymagee Country Woman's Association (CWA) Branch to install a memorial gate at the entrance to Nymagee Park in remembrance of Joan Whiteman.

**Consideration**

The application has considerable merit due the contribution to the Nymagee area by the CWA and Joan Whiteman. Council will need to ensure that the gate construction is adequate and does not create a potential future hazard. The issue of future maintenance also needs to be considered.

**RECOMMENDATION**

- 1. That Council grant permission for the installation of a memorial gate for Joan Whiteman at Nymagee Park by the Nymagee CWA.**
- 2. That Council will not be liable for the cost of construction or future maintenance of the memorial gate.**
- 3. That the Nymagee CWA liaise with the Director of Engineering Services or his nominee in relation to the construction of the memorial gate.**

---

**CLAUSE 11A – COBAR/ WRIGHTVILLE COMMON TRUST**

**FILE: C7-1 AOP REFERENCE: 5.2.3 ATTACHMENT: YES (PAGE 91-82)**

**AUTHOR: *Environmental Supervisor, Melissa Gunn***

**Purpose**

The purpose of this report is to consider if Council wants to be reappointed as the Manager of the Cobar/Wrightville Common Trust.

**Background**

Council appointment as Manager of the subject Trust expired on 9 April 2018 and Council has the opportunity to seek reappointment for a term not exceeding three (3) years.

A Manager of a Common Trust is responsible for the care, control and management of the particular Common including keeping the Minister informed of matters affecting the Common by way of providing annual financial reports/returns.

In recent years limited financial assistance has been provided to Council under the Crown Land Public Reserve Management Fund.

In the 2017/2018 an application for funding to repair fences, grading of tracks and replacing vandalised gates was unsuccessful. A similar application for the 2018/2019 financial year has been submitted with the application yet to be determined. The unsuccessful application was for about \$7,000 and the current application is for \$11,400.

A grant of \$10,000 including GST for African Boxthorn removal on the Common has been received, a contractor engaged and with works to be undertaken subject to favourable weather conditions.

Historical grant funding provided to Council has been insufficient to enable Council to manage its responsibilities as Trust Manager.

With the staged implementation of the *Crown Land Management Act 2016* it is not envisaged that the financial assistance available to Council will materially change.

The proper management of the Common into the future will need to rely on Council funding and user charges which is clearly unsustainable.

Further, it is noted that the Cobar/ Wrightville Common is subject to the following undetermined claims:

- 1) A Native Title Claim under the *Native Title Act 1993*;
- 2) 16 Aboriginal Land Claims under the *Aboriginal Land Rights Act 1983*.

In the past Council has not sought to be reappointed as Trust Managers for the Commons at both Nymagee and Canbelego. These Commons are managed by NSW Crown Lands and on occasions Council has been engaged as a paid contractor for weed control.

---

The Common at Euabalong is managed by the Euabalong Common Trust comprising a number of local residents with no Council representation. Council staff have successfully assisted the Euabalong Common Trust in obtaining grant funding for weed management without having any role in the management of this Common Trust.

### **Legal Situation**

If Council does not seek reappointment the Cobar/ Wrightville Common will revert to being managed by NSW Crown Lands. Members of the public may then apply to form a Common Trust and undertake management with assistance with NSW Crown Lands.

### **Financial Implications**

A financial report has been compiled for the last 5 years on the income and expenditure of associated costs with the Cobar/ Wrightville Common. These figures do not take into account the associated costs of administration and insurance costs. As Local Government Managers or Trustees, Council must provide insurances for these reserves and complete annual reports.

Currently, there are only 2 Commoners and with lifetime Common membership the income for the Cobar/ Wrightville Common this year stands at \$73.80. With a Volunteer reserve Trust board managing the Common, Crown Lands provides insurance coverage and assistance as set out in the Crown Lands Trust Handbook and extracted below

*“To assist volunteer reserve trust boards and their members in providing management of the many crown reserves, Crown Lands arranges Property, Legal liability (including Public liability) and Volunteers insurance coverage for trust boards via the Treasury Managed Fund (TMF). This coverage is dependent on sound management of the assets and activities of the trust, the reserve and its users, to ensure compliance with the Crown Lands Act 1989. There are also further requirements described in chapters 7 and 8 of the handbook.*

*Trusts managed by corporations, associations (e.g. scouts or girl guides) or local government are not covered by Crown Lands insurance and must obtain their own necessary insurance. All trusts must also consider their employees, volunteers and assets and obtain appropriate insurance cover for those areas not covered by the Crown Lands insurances.”*

### **Options**

That Council continues or declines the offer to be re-appointed as the Manager of the Cobar/ Wrightville Common.

## **RECOMMENDATION**

**That Council declines the offer to be reappointed as the Manager of the Cobar/Wrightville Common Trust.**

**CLAUSE 9B – ANALYSIS OF DRY AND WET PLANT AND EQUIPMENT AND TRADES AND MISCELLANEOUS SERVICES REGISTERS**

**FILE: T3-15-6, P3-19-4 AOP REFERENCE: 3.3.4 ATTACHMENT: NO**

**AUTHOR: *Director of Engineering Services, Stephen Taylor***

**Purpose**

The purpose of this report is to provide information on the analysis and result of the engagement of Contractors under the Dry and Wet Plant and Equipment Tender and Trade and Miscellaneous Services 2015/2018 Quotation Contracts for works let over \$80,000 inclusive of GST.

**Background**

Throughout the year Council uses various contractors for the supply of plant and equipment and trades and miscellaneous services for many of Council's activities.

These Contractors are usually engaged on a daily basis for small projects or by quotations for larger projects.

Council has requested that a report be provided for works let over \$80,000 inclusive of GST.

The table below indicates the contractors that were engaged for services over \$80,000 inclusive of GST for the period 1 July 2017 – 31 March 2018.

<b>Contractor</b>	<b>Description of Works</b>	<b>March 2018</b>	<b>2017/2018</b>

## **CLAUSE 10B – MINUTES OF OUTBACK ARTS AGM AND BOARD MEETING**

**FILE: A3-1 AOP REFERENCE: 1.4.5 ATTACHMENT: YES (PAGE 105-115)**

**AUTHOR: *Senior Projects Officer, Angela Shepherd***

### **Purpose**

To provide a summary of the 2018 AGM of the Outback Arts Board and the March Ordinary Meeting of the Board.

### **Background**

The Outback Arts Board is made up of six shire representatives and three individuals or community organisation representatives who have an interest in arts and culture in their community and wish to have a direct involvement through Outback Arts.

Outback Arts receives core funding from ARTS NSW as well as an annual contribution from the contributing councils. Outback Arts works with individuals, organisations and government to generate, promote and advocate for the arts and creative industries in the far west region of NSW.

### **Issues**

The AGM and March meetings were held in the newly acquired building in Coonamble – which houses the regional art gallery, space for artists in residence, space for the collections held by the organisation to be appropriately stored, gallery space, meeting rooms and offices. Outback Arts successfully applied for grant funding to make this project a reality and it is a wonderful facility. The organisation should be proud of what they have done to achieve this outcome. It was with a lot of hard work and commitment from the staff that grant funding was awarded and the building bought and renovated to be fit for purpose. It is hoped this facility will assist to promote artists from the region and take the arts out across the region.

Cobar local Kylie Harvey was again elected as Chair of the Board which will provide continuity to the organisation. I have again been elected to sit on the committee tasked with undertaking a review of the constitution.

Brewarrina Shire Council has elected to become members again after a number of years absent.

The organisation continues to seek partnership funding with groups such as NSW Health and DPI to deliver a range of workshops and artistic opportunities across the region. The minutes of the meetings are attached, along with a summary of the activities undertaken by the organisation for the first quarter of 2018.

### **Financial Implications**

Council makes an annual contribution through the budget to be a member of the Board, which in turn makes Cobar eligible to participate in the activities of Outback Arts (to bring workshops and other events to Cobar and for locals to travel to activities held by the group across the region) and for Council and community groups in the Shire to be eligible to apply for grant funding.

---

**RECOMMENDATION**

**That Council receives and notes the Minutes of the AGM, March Ordinary Meeting of the Outback Arts Board and the Council Summary Report provided by Outback Arts on their activities.**

<b>Grants Announced</b>					
NSW Infrastructure Grants (Club Grants)	Construction of the Miners Memorial	\$200,000	Withdrawn	\$115,000 from community \$85,000 Council	Announcement expected around May

Council committed \$100,000 in the 2017/2018 Budget to put towards grant proposals as a co-contribution. This is used when there are no other sources to draw from within the budget. At the Q1 review, an additional \$100,000 was added as a co-contribution to the museum water proofing project. To date:

- \$14,050 has been allocated towards the Library Arcade project;
- \$20,000 towards the netball court upgrade – with the Cobar Netball Association successful in their bid for \$175,000 funding. They will also allocate \$5,000 towards the project.

---

## **Current Grant Opportunities**

- Growing Local Economies – projects over \$1m, open found, allocations to be made on a sub-regional level, projects to features in new regional plans. Major infrastructure projects. Currently working with DPC on our regional plan. No closing date until funds allocated.
- Safe and Secure Water – ongoing. Several projects being progressed through EOI stage and others to have a renewed EOI submitted.
- Stronger Country Communities Fund – Council has an allocation of \$1,853,247 under Round 2. Priority projects are being scoped up at present. Due 4 May 2018.

## **Grant Funded Projects - Implementation**

The following is a summary of works in progress for grant funded projects:

- CASP grants – Millinery workshops scheduled for April cancelled due to lack of interest – other options being scoped. Yarn Bombing project underway.
- Reconciliation Week grant commenced to produce a series of story boards in progress.
- The Outback Division of General Practitioners (ODGP) was successful in obtaining \$200,000 of funding under the Rural General Practice Grants Program for the extension of the Medical Centre. Council's contribution will be \$123,000. Construction commenced. Quotes for works to lock up stage currently being assessed. Project on track
- Service Reviews – 3 Service statements currently being finalised by consultant. Staff preparing further 3. Aiming for May completion of initial work with consultant, have until October 2018 to acquit the grant.
- Marketing and Promotion Fund – Launch scheduled for 1 May 2018, all Councillors encouraged to attend.
- Social Housing grant for Dalton Park upgrade – quotes being assessed to determine how far the money can be stretched. Have 12 months to complete the project.
- Social Housing grant for Rankin Street – equipment ordered, installation over winter.
- SCCF Drummond Park – tender being assessed, to be determined at this Council meeting.
- SCCF Pool project – Works being organised, equipment being ordered. Project to be undertaken whilst pool is closed.
- Stronger Communities Program grant for optometrists arcade project – funding agreement signed. Design work is progressing. Scheduled for Q1 – 2018/2019.

## **RECOMMENDATION**

**That the information contained in the grant funding report detailing grants applied for, grants announced and grants available be received and noted.**
