

Annual Operational Plan

**COBAR SHIRE
COUNCIL**
outback nsw

2024/2025

Strategic Planning Framework

The **Community Engagement Strategy** outlines how Council will engage with its community and relevant stakeholders in developing and finalising the Community Strategic Plan. Over time it will be reviewed to outline how Council will ensure regular engagement and discussion with our community about their needs and aspirations for the town.

The **Community Strategic Plan** identifies the long term aspirations for our community. The Strategic Plan stretches beyond the next ten years, identifying the outcomes and long term strategic responses needed to achieve the agreed directions and meet the community's values. It demands strong leadership from Council in working with others to grow our Shire into the future.

The 4 Year **Delivery Program** links the 'planning' in the long term Strategic Plan with the 'implementing' in the Annual Operational Plan. It is the strategic document that guides the organisation's work program over the Councillor's four year elected term. The Delivery Program sets out clear priorities, ongoing activities and specific actions Council will undertake, within its responsibilities and capacity, towards achieving the community's outcomes.

The **Annual Operational Plan** is the 'implementing' part of Council's key strategic documents, and outlines all of Council's services and infrastructure activities and tasks for the year. Both ongoing activities and specific tasks contribute to the implementation of Council's Delivery Program.

The **Resource Strategy** outlines Council's capacity to manage assets and deliver services over the next ten years. The Resource Strategy includes three key elements – Long Term Financial Plan, Workforce Plan and Asset Management Plans. To prepare the Resource Strategy, Council determines its capacity and how to effectively manage its finances, the sustainability of its workforce, and the overall costs of its community assets.

Message from the Mayor and General Manager

Planning for Cobar Shire's Future

This Annual Operational Plan is brought to you as a clear identification of what the Council will deliver in 2024/2025 for the residents and communities of the Cobar Shire.

Our Plan continues to assign responsibility to various Council staff on actions that meet the activities/services of Councils Strategy which in turn flows towards achieving the Community Outcomes.

The financial year 2024/2025 will be from a financial point of view very similar to last year and again maintained to deliver what we need and what the communities' expectation is. This will place a pressure on future budgets that Council will have to review and plan.

Some of the projects, activities, and improvements to our facilities, that the Annual Operational Plan identifies are:

- Significant road works such as the Wool Track Seal Extension.
- Continue to maximise the Far North West Joint Organisation (FNWJO).
- Continue to apply for grants that improve facilities for our Shire.
- Further develop the Main Street.
- Provide assistance to attract Doctors.
- Ongoing contract management of the Cobar Swimming Pool.
- Provide an Aged Care Facility - Lilliane Brady Village.
- Update the Disability Inclusion Action Plan.
- Support Cobar Quids Program.
- Provision of Cobar Water Board Administration and Services.
- Continue to support air services to and from Cobar.
- Undertake Stage 2 and 3 of the Museum project.
- Commence Stage 1 of the upgrade of the Industrial land, drainage, and road works.
- Finalise the Ward Oval upgrade.
- Complete the building of the Early Learning project.
- Continue to maintain our Shire roads, culverts, and grids.
- Develop a Master Plan for the upgrade of the Cobar Airport.
- Continue the footpath project in Cobar and Villages.
- Investigate option for the development of the Grand buildings/complex.

Council is still committed to providing an Organisation that continues to improve and look for innovations to both save and improve services.

The Council is a \$61M dollar business, and the community needs to understand that it does this with a general rate income of \$4.6M.

Council is again looking towards our residents to improve the look and aesthetics of our homes and streets. Council will continue to plant trees and keeps our parks green and attractive. This helps us to keep and attract new residents to our shire.

We all make up the communities in the Cobar Shire and it takes a community to provide for its community.

We are proud that your Council will do all it can once again to make Cobar Shire a great place to work, play and live in.

Clr. Jarrod Marsden
Mayor

Mr. Peter Vlatko
General Manager

A Summary – 2024 / 2025

2024/2025 will again be an extremely busy year for all functions of Council with limited funds.

Council has experienced, once again, a higher-than-normal level of flood funds which has placed a considerable strain on Council resources, let alone the local businesses to deliver the works required.

Council has optimistically budgeted again for minimal exposure to increased costs while still maintaining our level of services throughout the shire.

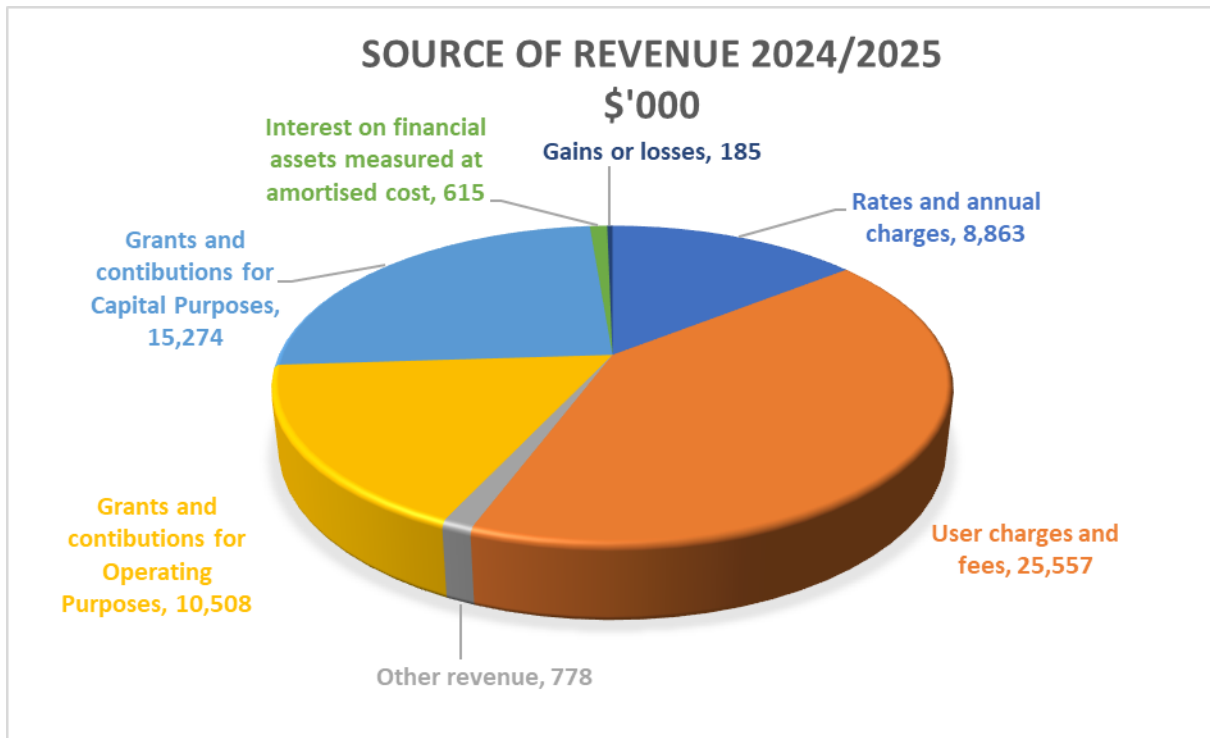

The general rate increase provided to Council by the State Government through rate pegging is 4.5%, which equates to just over \$200K for the year. What this means is that for last year and this budget, Council has had a rate increase of \$358K when at the same time, our estimated net cost over the same period is \$3M.

The increased cost of providing care at the Lilliane Brady Village is placing significant pressure on this year's budget.

The forecast for the general fund is a deficit of \$2.2M after eliminating capital contributions. Based on this outcome, Council will need to prioritise what actions to take in the future to achieve sustainability. The water fund is budgeted to record a deficit of \$86K after eliminating capital grants and contributions.

Revenue

Including grants and capital contributions Council will receive approximately \$61M in revenue. It is again worth noting that general rates only contribute approximately \$4.6M of this. General rates are only to increase by the regulated amount and no application for a higher amount has been considered.

Total	\$4,446,500	\$4,646,428	\$199,929	4.50%

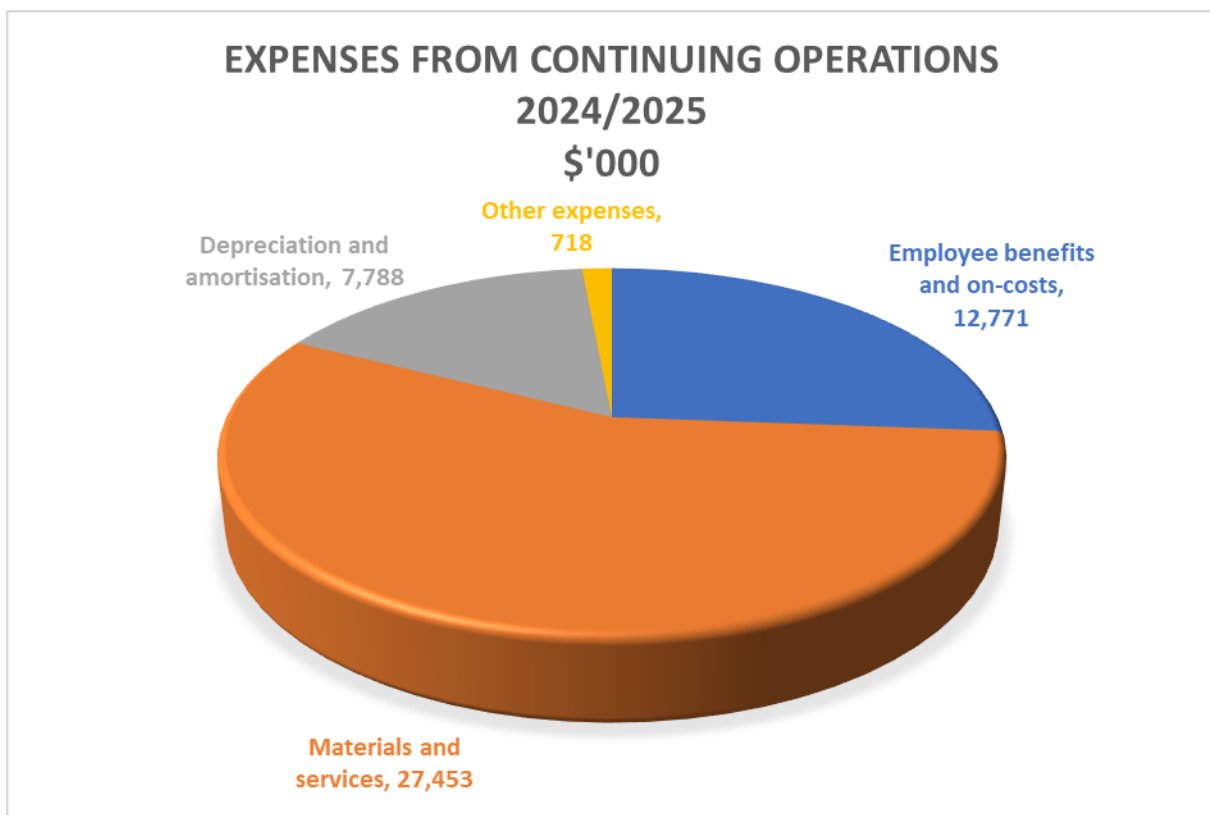

Expenditure

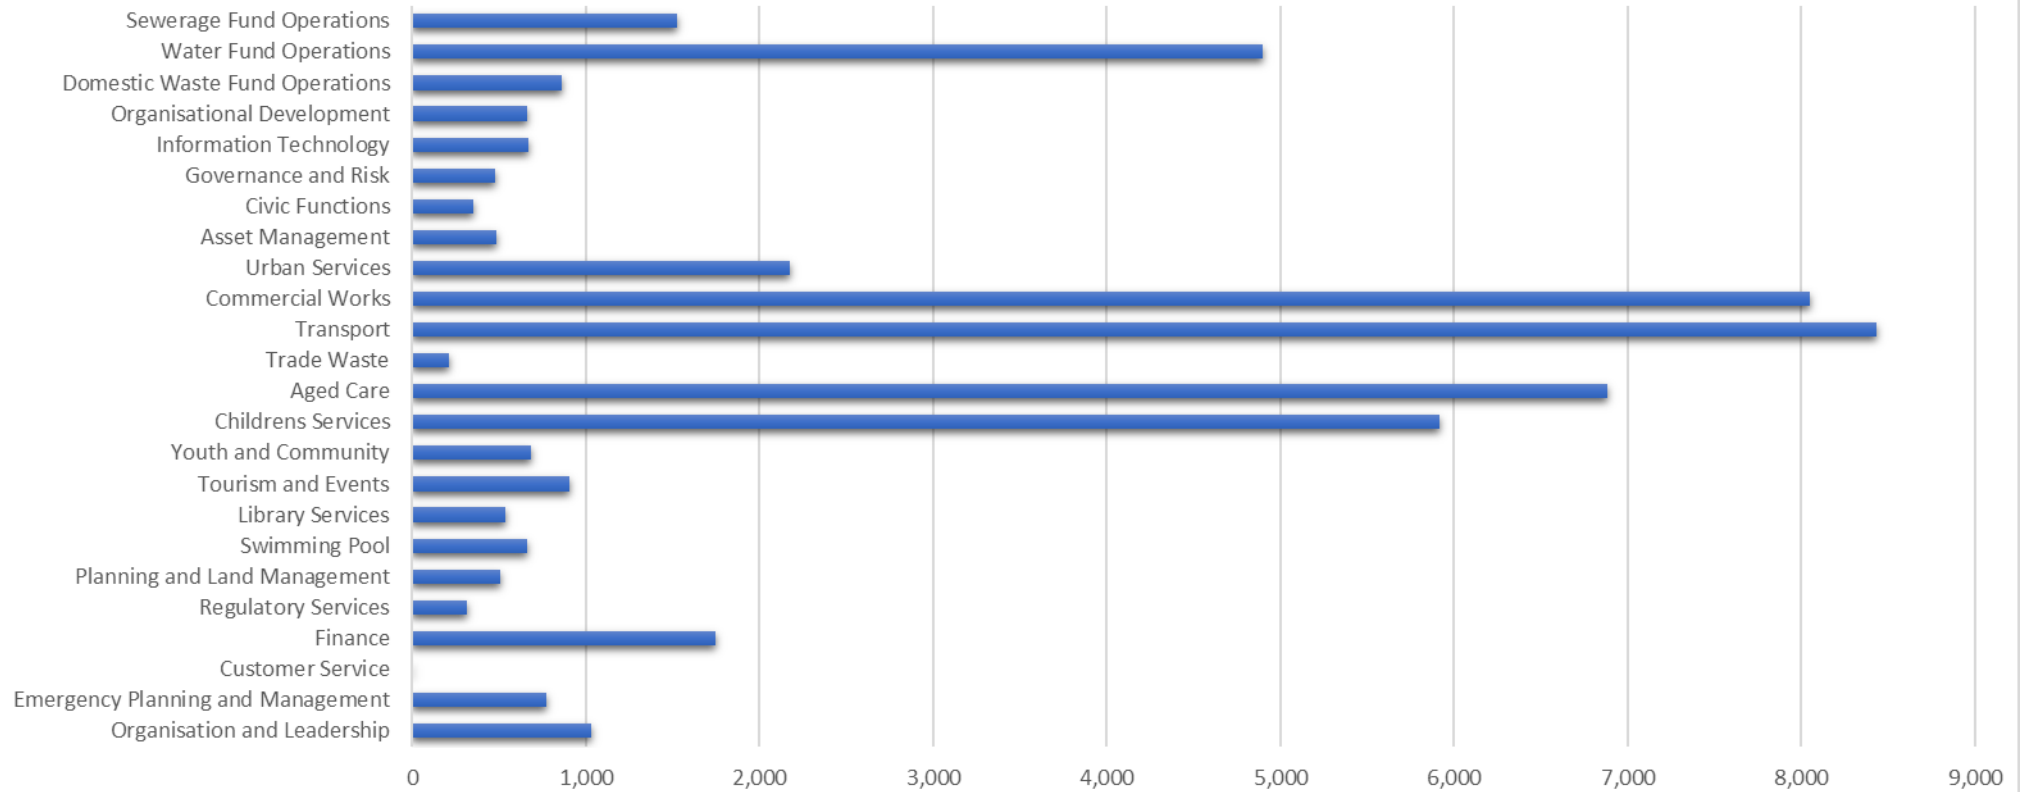

Operating expenditure has been contained on balance to a CPI increase at approximately \$49M. No services have been cut or reduced, which includes being the provider for Kubby House Childcare Centre.

Of the \$49M total expenditure, \$8.4M will be expended on transport assets, with a further \$1.5M as Capital expenditure.

The community may enjoy the benefits of our new assets and upgrades, however, consequent increase in depreciation is becoming a major budget issue. The whole of Council depreciation in this draft budget is \$8M.

Infrastructure Renewal

Due to the past high level of grants from the Federal and State Government, Council will be continually undertaking several key projects in addition to its recurrent asset renewal in the coming budget period. The budget contains projects that have been promised or awarded.

Capital expenditure across Council is budgeted at \$19M of which \$1.5M has been allocated to transport (roads and footpaths) assets.

\$8M in depreciation has been budgeted.

Other significant amounts are to be carried over from the 2023/2024 budget.

A budget of \$1.5M has been allocated for the ongoing renewal of plant. The continued investment in plant will allow the Council to continue to provide quality roadworks and undertake works for Transport for NSW. Transport for NSW is an important component of the financial structure, and our contract assists to create a level of utilisation which supports the plant fleet.

A capital budget allocation of \$200K to support grant applications has been allotted and may be made available throughout the year and provide opportunities to further develop Cobar Shire.

Unallocated monies from 23/24 will also be carried forward to complete this amount.

Cobar Shire Council

Vision

Our Vision is for Cobar Shire to be an attractive, healthy, and caring environment in which to live, work and play, achieved in partnership with the community through initiative, foresight and leadership.

Mission

Our Mission is to provide sound and sensible government and ensure that works and services are delivered effectively and equitably to the community of Cobar Shire.

Council will also develop and constantly review its policy on the maintenance of its road network with current priorities to include the sealing of the following strategic roads within the Shire: The Wool Track, Louth Road and Tilpa Road.

Corporate Values

Council has adopted the following Values that should be reflected in how the whole organisation operates and interacts with others:

A	Accountability We are responsible for our actions, our behaviour and the satisfactory completion of allocated tasks
C	Communication We communicate openly and respectfully, sharing timely and appropriate information with others
E	Effective Leadership We lead by positive example, embodying all of Council's agreed Values
I	Integrity We are consistently honest, transparent, ethical and fair, regardless of the situation
T	Teamwork We work collaboratively to achieve shared goals for Council and the community

Cobar Shire Community

'Cobar Shire 2032' Values

Values are beliefs we have that provide a basis for choices we make. They ultimately determine the quality of our lives. During the strategic planning consultations, the community has identified the following values that are important to them as residents of Cobar Shire:

- A community that is generous, engaged, and participative and that welcomes new residents and encourages them to stay.
- Vibrant and valued industries with a strong social conscious that participate in the community.
- A well-funded and well governed Council that is engaged with the community and encourages their participation in decision making.
- Access to quality and well-maintained infrastructure.

These values have formed the basis of the Community Strategic Plan – *Cobar Shire 2032*.

Our Strategic Direction

Our response to the community's values has been to formulate a set of activities based around the five themes identified in the Community Strategic Plan – *Cobar Shire 2032*. Each theme outlines the long-term goals and community outcomes and then the strategies that Council, partner organisations and individuals can undertake to work towards them.

1. Community

- 1.1 Strong coordination between government agencies, Council and NGOs to ensure efficient service delivery, avoid duplication of services and build the capacity of the community.
- 1.2 Young people are able to reach their full potential, are encouraged to stay in the region and have a wide range of opportunities available to them locally.
- 1.3 Families are supported, social inclusion is valued and families are encouraged to relocate to Cobar stay in Cobar.
- 1.4 A generous, engaged and participative community with a strong community spirit.
- 1.5 A healthy and active community.
- 1.6 A safe and clean community.

2. Economy

- 2.1 A vibrant shire that promotes and supports business growth and retention, development and investment.
- 2.2 A strong and diverse tourist industry with a focus on customer service.
- 2.3 A strong business hub operating out of the Cobar Airport.
- 2.4 Attract retain & develop workforce.

3. Governance

- 3.1 A well funded Council that is well managed and well governed.
- 3.2 An engaged community that participates in decision making.
- 3.3 A well functioning Council that focuses on strategic planning, provides good customer service, and secures value-for-money goods and services.
- 3.4 Housing and accommodation that meets the current and future needs for our Shire.

4. Infrastructure

- 4.1 A clean and reliable water supply.
- 4.2 Good telecommunications networks with services equal to the metropolitan areas.
- 4.3 Good transport networks that increase the accessibility of Cobar and markets.
- 4.4 Good quality and affordable community facilities and infrastructure.

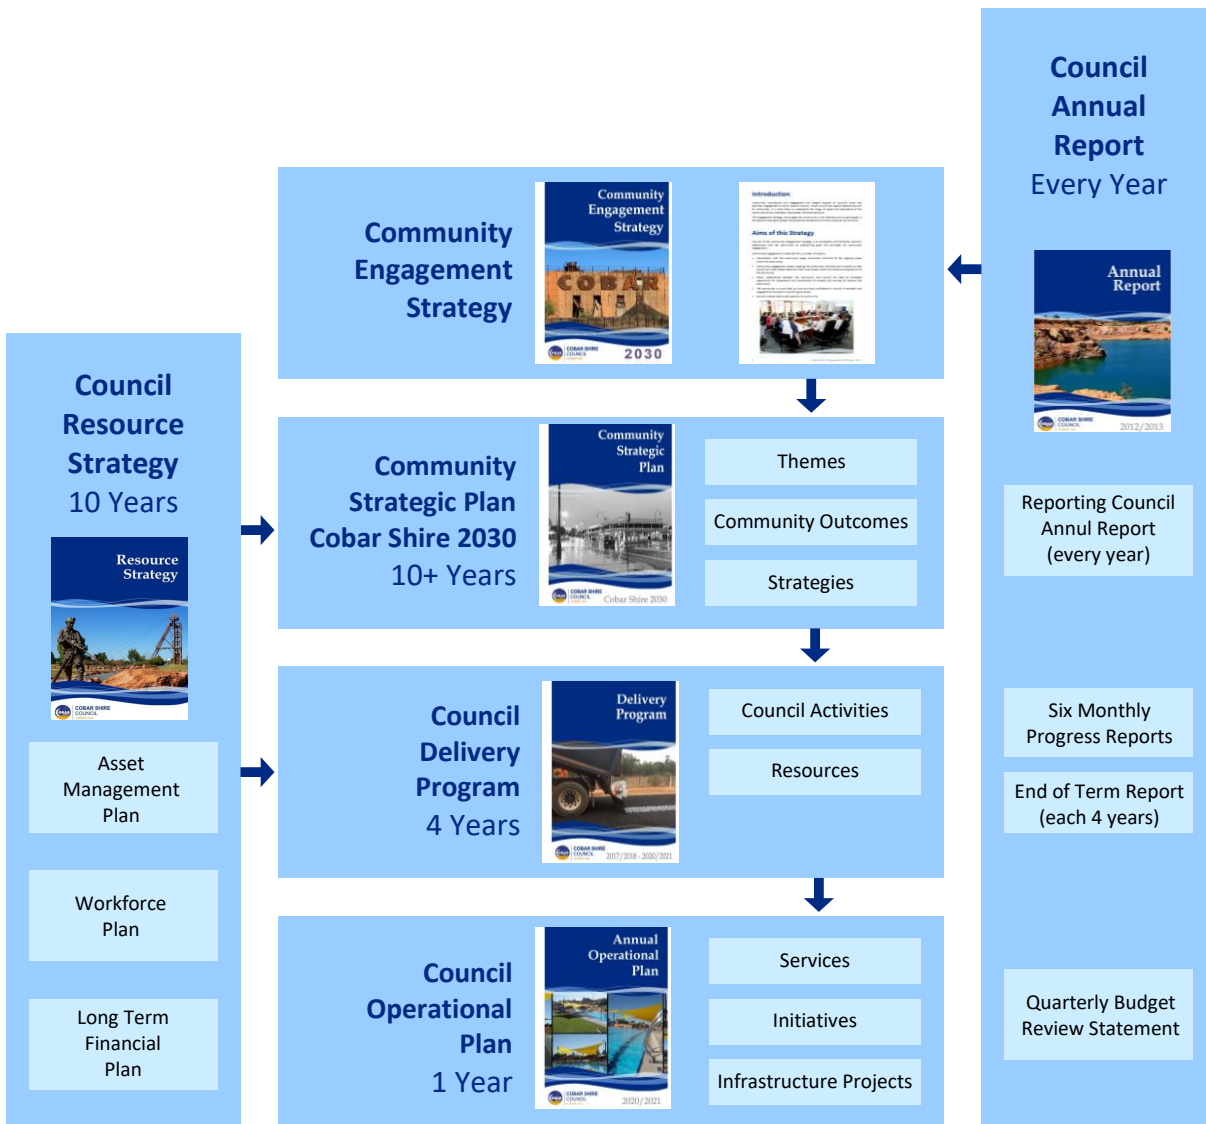

5. Environment

- 5.1 Ability to adapt to climate change and benefit from climate change and carbon policy initiatives.
- 5.2 Well managed public and private land.
- 5.3 Clean air in the community.

Council’s Delivery Program and the Annual Operational Plan have been prepared to reflect the Themes, Outcomes and Objectives of the Cobar Shire Council’s Community Strategic Plan. *Cobar Shire 2032* outlines future aspirations for the Shire. It does this by defining five strategic themes for the period. The Delivery Program sets out the programs that Council will run over the four years to work towards achieving the outcomes identified in the Community Strategic Plan. The Annual Operational Plan outlines the actions Council will undertake during 2024/2025 to achieve the outcomes under the strategic themes.

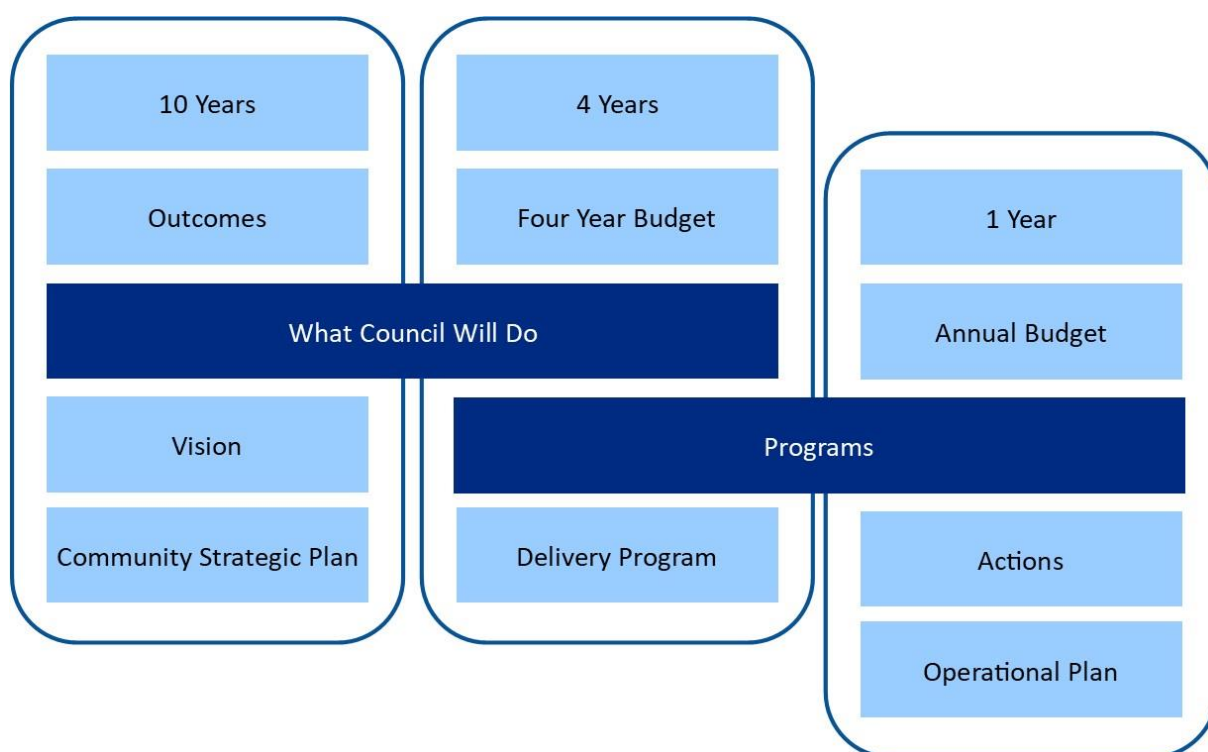

About Our Annual Operational Plan 2024/2025

The Annual Operational Plan actions are assigned responsibility to various Council staff at supervisor level and above. For each activity mentioned in the Delivery Program at least one action will be performed in the financial year 2024/2025 as outlined in the Annual Operational Plan. While developing the Annual Operational Plan, the main focus has been to address all the principal activities of Council. Also, cross links and references from other Council plans and documents has been captured at the operational level.

How to Navigate through the Annual Operational Plan

The Annual Operational Plan picks up each of the Council’s activities and defines the actions which will be carried out by each responsible officer to achieve the Delivery Program targets for the current year 2024/2025. In order to monitor and measure the progress we are making, the Annual Operational Plan includes a column on the qualitative and quantitative performance indicators. These performance indicators will form the basis for six monthly and annual reporting.

Consultation and Engagement

A draft of the Annual Operational Plan will be exhibited seeking community input. It should be noted that Council undertook public consultation and an online survey to help shape the draft. At the end of this period, comments and suggestions will be incorporated into the Plan prior to going back to Council for adoption. Once adopted, the Plan and associated documents will be displayed on Council’s website.

How Will Progress Be Reported

Implementation of the Annual Operational Plan is reported to Council quarterly. The quarterly reports track how Council is going with each action outlined in the Annual Operational Plan. Detailed financial reports and updates on Council’s Capital Works Program are included.

Implementation of the Delivery Program is reported to Council every six months.

Making It Easier to Understand Our Reports

The NSW Audit Office has recommended that Councils report progress on the implementation of the Annual Operational Plan in a way that the community can determine the effectiveness and efficiency of Council’s actions.

Annual Report

In addition to the above, Council will also prepare an Annual Report for the community which will focus on Council's implementation of our Delivery Program and the Annual Operational Plan. The Annual Report will also outline achievements in implementing the Community Strategic Plan. Also, Audited Financial Reports will be made available to the community.

Every four years, Council must provide an End of Term Report outlining the achievements in implementing the Community Strategic Plan over the previous four years. The report will also include a State of Environment Report on the environmental objectives in the Community Strategic Plan. These reports will align with Council elections and terms. However, this Council will not have served the four years and given the election will return to normal times, the End of Term Report will align with this.

Conclusion

The Annual Operational Plan is made up of four documents:

- This Plan, which outlines the actions that Council will undertake during 2024/2025, who is responsible for ensuring the actions are undertaken, the source of funding for the action and performance indicators which will allow Council to determine the success of each action and to view progress on its implementation.
- The annual Fees and Charges document, which outlines the fees and charges for the use of Council equipment and facilities, charges on Council services, charges such as rates, water, sewer and waste and development and regulatory fees.
- The Revenue Policy, which outlines how rates, water, sewer and waste charges are calculated, possible revenue sources for 2024/2025 and Council's pricing policy.
- The Annual Budget, which shows Councils expenditure by line item for 2024/2025.

These four documents all form the Annual Operational Plan for 2024/2025 and should be read together. Council will provide a quarterly report on the implementation of the Plan and a budget review.
